

CROSS-SECTOR PARTNERSHIPS + ENGAGEMENT

Cross-sector partnerships and engagement are central to Philanthropy Northwest's work to promote a more resilient, equitable and inclusive future that honors our region's past, people and cultures. Philanthropy Northwest's six-state region includes Alaska, Idaho, Montana, Oregon, Washington and Wyoming plus Hawai'i.

In 2018, Philanthropy Northwest expanded membership to government partners. This category of membership is open to federal, state and local or tribal government entities, as well as agencies or departments who are grantmakers or contract with the nonprofit sector.

Membership affords our government partners a host of services and benefits, including opportunities to:
