

You are Part of Something Bigger

When you become a member of Philanthropy Northwest you are joining a peer collective of changemakers. Our strength is fueled by the passion and commitment of people like you who believe in the transformative power of philanthropy.

Grow

Transformation starts from within. We create opportunities for personal reflection and learning, strengthened by peer support.

Learn from Thought Leaders and Peers:

Participate in over 100 events annually, both in-person and virtual, where you'll build lasting relationships, exchange ideas and discover new ways to make an impact.

Build Skills and Power: Engage in advocacy skill-building sessions and policy briefings to lend your voice to the issues that matter most to the sector and our communities. Collaborate across sectors to amplify a collective vision for change.

Guidance on Your Journey:

Enjoy a complimentary consultation with our senior advisor in public policy to help refine your strategy and align with your mission.

Support for Your Vision of a More Equitable Future: Enjoy a free consultation with The Giving Practice, our national consultancy, to help you strengthen your organizational strategy and cultivate trust-based and equity centered practices. (Also a reduced rate with The Giving Practice after your consultation).

Amplify

The work you do is impactful and important. We want you to be able to reach more people.

Extend Your Reach: Share your organization's stories and successes through our digital platforms, reaching a broader audience across social media, events and our website.

Get the Right Candidate for the Job:

Free postings on our Job Bank as well as access to the Council on Foundations Grantmaker Salary and Benefits Report.

Connect

Together we can create sector and societal progress. We nurture collaboration and leverage the power of the collective.

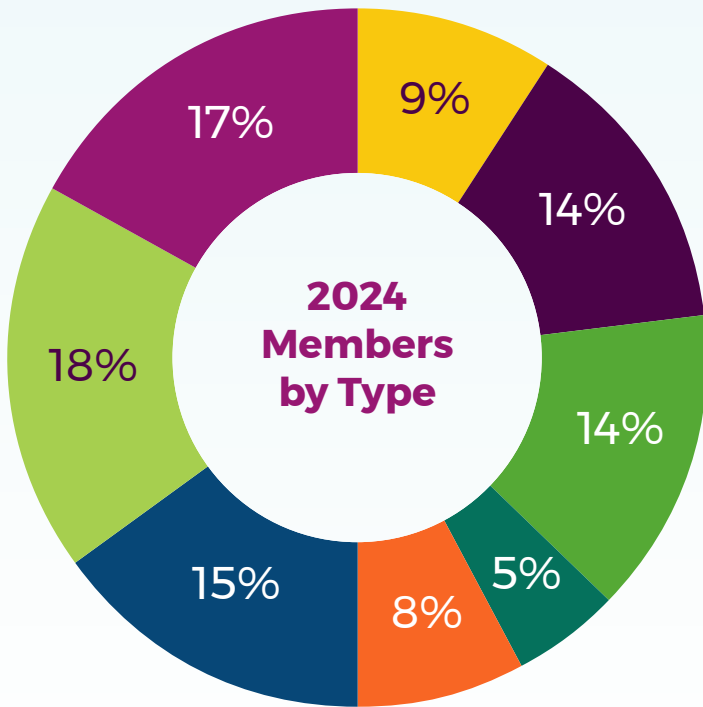

Build Relationships that Matter:

Get support from Philanthropy Northwest staff in connecting with resources and colleagues throughout the region.

Communities of Practice and Thought

Partnership: Our peer networks, cohorts and collaboratives provide a space for deep learning, thought partnership and action.
