Vision & Mission

A decorative graphic in the bottom left corner consists of several overlapping, curved, semi-transparent bars in shades of green, purple, and blue, creating a sense of movement and depth.

Equity and racial justice for all communities.

We grow philanthropy's capacity to do transformative work toward redistributing resources and power to underinvested communities in the Northwest.

Environmental Justice Thriving Communities Grantmaking (TCGM) Program

- Funds from the Inflation Reduction Act
- Represents a significant investment in climate action and environmental justice
- **\$600** million distributed from EPA to 11 intermediary orgs to provide subgrants for environmental justice, focus on historically underinvested communities
- PNW is the **Region 10 Grantmaker selectee** (AK, ID, OR, WA, and tribal nations in these states)
- Awarded over 3 years

Environmental Justice Thriving Communities Grantmaking (TCGM) Program

EPA's TCGM program provides at least \$600 million to address environmental justice and public health issues in underserved communities.

TCGM cooperative agreements are collaborations between EPA and 11 grantmakers around the nation to reduce the burden of the federal grants application process and distribute federal funds to potential applicants working to address environmental justice issues.

Justice40

The Justice40 Initiative mandates that at least 40% of the benefits of certain federal investments must flow to disadvantaged communities.

Environmental Justice

Environmental justice, as defined by the EPA, is the **fair treatment** and **meaningful involvement** of all people regardless of race, color, national origin or income with respect to the development, implementation and enforcement of environmental laws, regulations and policies.

Philanthropy Northwest Thriving Communities

Grant Program Overview

PNW's Thriving Communities Grantmaking Program

- Philanthropy Northwest will be distributing \$48 million in grants over the next 3 years
- Focus on: Alaska, Idaho, Oregon, Washington, and tribal nations in these four states.
- Priorities:
 - Chronically underinvested communities
 - Environmental justice

Source: EPA Region 10 website

Our Approach & Guiding Principles

- Leverage network of partnerships
- Implement a participatory grantmaking model

Simplicity

Inclusivity

Effectiveness

Participatory Grantmaking: Roles

Advisory Group

- Ensures the grant strategy, approach, application and scoring rubrics adhere to principles of simplicity, inclusivity, effectiveness and accessibility
- Includes seven named in-kind philanthropic partners, our collaborative pass-through partners and Region 10 EPA project officer

Task Force

- Develops scoring rubrics for each grantmaking phase with evaluation criteria, designing applicant workplan templates and establishing metrics for intended project outcomes
- Includes environmental justice leaders from Region 10, Justice40 community members and a subset of Advisory Group members

Peer Review Group

- Will evaluate applications to the grantmaking program
- Applications to join the Peer Review Group are currently open, which includes a conflict of interest verification process

Types of Grants

Types of Available Competitive Grants

Type 1 Assessment Grants (\$150k)

(1-year project period): funding is focused on gathering information, assessing and understanding the problem(s) before developing a plan.

Type 2 Planning Grants (\$250k)

(1- to 2-year project period): grants for those who already have a strong understanding of the local environmental and/or public health issues and are ready to formulate a community-wide plan to address those issues.

Type 3 Development Grants (\$350k)

(2-year project period): grants for those who already have a strong understanding of the local environmental and/or public health issues, have already formulated a community-wide plan addressing those issues, and/or are now ready to develop the technical aspects of the project (i.e., implement the project on the ground).

Non-Competitive Grants

Purpose: Equitable distribution of resources across Region 10.

Grant Amount: \$75,000

Eligibility: Orgs that are "*severely capacity-constrained*" (budgets under \$500,000) **or** serving areas with populations of 50,000 people or less.

This definition serves as an *initial* eligibility criterion, **it is not the basis for selecting award recipients.**

Entry into Non-Competitive Pool

1. Entry from the competitive process: For eligible applicants declined from previous competitive cycles
2. Entry from self-identification: Completion of a brief intake form (will be available on PNW's grantmaking portal Spring 2025)
