Can we use a fiscal sponsor?

Applicants may use a fiscal sponsor, with some restrictions. Please note that for-profits using fiscal sponsors are not eligible for this grantmaking program. An individual fiscal sponsor can receive up to five individual awards, with a maximum of \$1 million in funding for the course of the program.

MAXIMUM FIVE AWARDS

A fiscal sponsor is considered the applicant organization and is responsible for all aspects of the grant, including compliance with the grant agreement, financial management, reporting and ensuring that the funded activities align with the grant's objectives.

A fiscal project should not apply without its fiscal sponsor's knowledge and consent. Exceptions to the limitation on the number of grants received by an individual organization may be made due to significant community impact, critical environmental need or innovative approaches.
