

## **GRANTS ADMINISTRATION COMPLIANCE MANAGER**

## **About Us**

Front and Centered imagines a future full of possibilities, and one that is rooted in the rise of frontline communities for climate justice. Born nine years ago as a collective of visionary Black Brown Indigenous and People of Color community leaders, we have emerged as the leading statewide coalition advancing the solutions to climate change and environmental injustice by advancing our vision for a <u>Just Transition</u>. The essence and the ideas which seeded the bold vision as a people-powered, values-based climate and environmental justice movement in Washington early on, remain embedded in our community leadership which guides our Front and Centered team of experts into the future.

Black, Brown, and Indigenous leaders are organizing in rural towns and rising in urban neighborhoods across the state. The coalition envisions "a future where our communities and the earth are healed and thriving, our people have dignified work and the building blocks of opportunity and prosperity, and our government values, respects, and represents us." They shine a light on the environmental injustices endured. They survive and thrive against all odds, as they share their wisdom, insight, and solutions to climate change and environmental racism. Across the state, coalition members bear witness to oppression and come together to lift what is possible.

With community voices guiding the vision and strategies of Front and Centered, our staff team serves as a backbone for the coalition, a statewide center for coordinating and developing policy analysis, advocacy strategy, research and development, leadership support, capacity building, and diversified funding and other resources to sustain and grow the movement. This unique integration from community-driven expertise and resources is what Front and Centered powerfully brings together -- the people, policy, and practice of strategic impact. Our body of work is broad and deep, from the groundbreaking Environmental Health Disparities Map, the 100% Clean Energy Transformation Act, the Healthy Environment for All Act, to the methodologies and reports generated as a result of our community data-driven listening sessions. The coalition will continue to build and bring all tools to bear – from law and policy changes to innovations which are evidence-based and inspired by frontline community stories, to public education.

Join us as we develop our next actions to show how frontline communities are leading the transition away from an extraction-based economy toward a regenerative future!

## **About The Position**

The Grants Administration Compliance Manager will oversee grant administration and ensure compliance with grants including federal and state requirements. This position manages the pre- and post-award processes for government grants and oversees contracts, including grant submission and administration policies, systems, and documentation to ensure compliance, develop and procure contracts with consultants, incorporate best practices, and ensure excellent controls. This role is essential in ensuring that the organization meets its regulatory obligations for grant funding, particularly concerning state and federal environmental standards, and manages grants in line with funders' expectations. The ideal candidate will have a deep understanding of state and federal grant regulations, particularly in the environmental sector, and/or experience managing compliance for state and federal grants. This role will provide a variety of grant related support services in office administration, including fiscal services, record keeping and reporting to meet grant requirements, and grant finance planning support. The position works closely with finance, development, and program staff to ensure accurate, timely, efficient, and transparent processes are in place for a grant's life cycle.

The position will report to the Controller and may provide direction to contractors.

Front and Centered agenda includes our vision for:

- Equitable Co-Governance The communities most impacted by the extractive economy are at the center of government decision-making on the transition to a just and equitable environment. Including, implementation of the Health Environment for All Act (HEAL) and Just Futures that strengthens community self-determination and state accountability.
- Healthy and Resilient Communities & Livelihoods Every community has a clean environment and we
  prevent and address pollution, not just as a single source, but for its cumulative effects on overburdened
  neighborhoods and climate impacts and communities are more prepared to meet their own needs and less
  dependent on extractive industries.
- Energy Justice Everyone has appropriate, affordable access to, and control over renewable energy that powers their homes and communities and eliminates excessive use of energy and toxic energy systems. Including equitable implementation and expansion of the Clean Energy Transition Act.
- Transportation Justice Every community has reliable, accessible, affordable transit and infrastructure to safely roll, walk, and wheel that is free from toxic air, risk of injury and highways expansions contributing to climate change and displacement. Including implementation of statewide accessible frequent transit standards and divestment of highway investments toward equitable mobility.

**Key Duties & Responsibilities** 

## **Grants Compliance and Administration**

- Manage the full lifecycle of grant compliance, from application to reporting, ensuring adherence to all local, state, or federal regulations, including OMB Uniform Guidance (2 CFR 200)

# **Application Instructions**

Applicants should submit a resume and cover letter to jobs@frontandcentered.org, put "Position Title" and "name" as the subject line of the email.

Deadline: Priority Deadline is Friday, November 8th. Applications will be reviewed and considered on a rolling

basis with interviews anticipated to start mid November. **Preferred Start Date:** Ideally by Winter 2024/January 2025

## **Work Culture and Work Environment**

Front and Centered emerged from a broad coalition of diverse community groups working at the intersection of equity and environmental justice. We strive to create a work culture that is inclusive, collaborative, and adaptive to the diverse and dynamic context of how Front and Centered serves the coalition. To this end, every staff member is expected to work as a partner and within a culture of supportive leadership and lifelong learning and knowledge sharing; understand and engage in teamwork which is characterized by hope, celebration, creativity, collaboration, cultural humility, equity, and respect; exercise the highest level of ethics, professionalism, discretion and confidentiality; demonstrate initiative, organization, and an ability to multitask and manage multiple priorities.

We are a small team of enthusiastic, hard-working, and often very busy people. It is a fast-paced environment but where staff enjoy each other's company and take time to build a supportive and inclusive culture.

## **Diversity | Equity | Inclusion**

Front and Centered strives to create an inclusive workplace in which we meaningfully connect as colleagues and community partners, reflective of the people with whom we live, serve, and share in community. As an equal-opportunity employer, we work with people of diverse personal, professional, and regional backgrounds, so that our board, team, community members and advisory council have a collective impact on delivering on our mission. People of color and others from underrepresented groups, especially people with direct experience working within the communities Front and Centered partners with, are encouraged to apply. We invite people to be part of our team, regardless of their race, ethnicity, national origin, gender identity, sexual orientation, socio-economic status, marital status, age, physical abilities, political affiliation, religious beliefs.

# **Physical Demands and Reasonable Accommodations**

Front and Centered employees work a flexible, 35-hour workweek from 9:00 a.m. to 5:00 p.m. in work-from-home and onsite environments. The physical demands and work environment described below represent those required for an employee to perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform these essential functions.

- Able to input information into a computer for long periods of time
- Ability to work stationary at a computer for the majority of each workday
- Able to assess information communicated through a computer
- Ability to complete work in a shared office environment where multiple staff may be working and talking at any point during the day
- Use hands to handle, or feel, type, and reach with hands and arms
- Able to work some evenings, weekends, and holidays.
- Able to periodically work long and extended hours.
- Able to travel locally/regionally/across the state, as needed.

To center the safety and well-being of our employees, Front and Centered requires that employees must be vaccinated against COVID-19, subject to exemptions in compliance with federal, state, and local anti-discrimination legal requirements. Specifically, we will consider requests for exemption based on medical reasons or for sincerely-held religious beliefs.
